NO TRIP TO PHILIPPINES

Expensive Travel Will Not Be Allowed by Judge McClelland.

No trip to Manila, Philippines, will be taken at the expense of the county to take depositions in connection with the indictment of Charles Neiswander for the murder of his father-in-law, Edward Dindore, near Deshler on the morning of December 13th, 1913.

This was decided by Judge McClelland at a hearing on the motion to require the defense to state the names of all witnesses and as to what it was expected to prove by each and all of the witnesses, and upon it being shown that the parties never lived in Wood county which counsel for the defense admits, and upon the further showing that the state will not take the deposition of Richard Smith in the trial of this case, the application is refused.

Prosecutor Solether and Charles S. Hatfield represented the state and B. F. James, the defense. E. D. Bloom also is attorney for the defense.—Sentinel.

ADDITIONAL JURORS

The following names were drawn to report for jury duty, April 18:

Clyde Friend, Rudolph.
H. B. Dubbs, North Baltimore.
Henry Morris, Bowling Green.
Riley Oates, Cygnet.
C. P. Champney, Perrysburg.
Wm. Eckelberger, Prairie Depot.
Perry Emmet, Dunbridge.
J. H. Monasmith, N. Baltimore.
Henry Schulte, Genoa.
O. W. Foster, Lemoyne.
Henry Bursick, N. Baltimore.
Jerry Carter, Bowling Green.
O. W. Foster is dead and C. W. Wilkenson is probably intended for G. W. Wilkenson but the latter will not be served, as the initials and manner of spelling in the list are different.—Sentinel.

TAKEN TO PENITENTIARY

Deputy Sheriff Newton Gordon and Burr Roberts on Tuesday took to the penitentiary Frank Deibert, Tony Marto and John Meyers to serve indeterminate terms for carrying concealed weapons burglary and larceny and assault with criminal purpose, respectively.

THE LAST APPEAL

In Favor of Bond Issue for Proposed New School Building.

This is the last appeal to you before the election on next Tuesday and we want to appeal to your good judgment to consider what this issue means. According to the arguments of the opposition it is a matter of dollars and cents. Mr. Voter, your boys and girls are the best of your possessions and don't you believe that the money you would invest in their education would give more satisfactory returns than if you paid for new streets, sewers, lights, etc.

Again in regard to the money question, the village school districts of the state are in debt over \$48,000,000, and of that we are in debt \$5,000, which was made last summer, and if we were not giving about \$3,000 a year to the village we would have some money to loan.

I wish to repeat from the article of last week: "We have a debt of \$5,000, and we have back of us a valuation of \$3,039,960, while the village is in debt \$112,000 and has \$1,687,540 to back it. Don't you think we are in fairly good shape to pay our debt? We have valuation enough to maintain a high-grade school and this thing will adjust itself as surely as the sun shines. As was mentioned last week, when the present building was built, the valuation of the school district was \$350,000 and they were not fearful of paying out then, why should we be afraid with a valuation of \$3,039,960.

In regard to taking in outside scholars. The board cannot refuse to let a pupil enter our school, but

they must pay tuition, while District No. 2 comes in as a body and helps pay the bills as well as our own people.

And whether they are paying as much we can say that the pupils of District No. 2 are paying over eight times as much as any of our own town pupils. We would like to ask if you still disapprove of their coming in? The board feels that the more districts that we get the better the town will be for the reason that the parents will be attracted to our town and they will, without doubt, do their shopping here.

Our heating system which you all know is in very poor shape and surely will be condemned. The board wishes to say that an inspector of buildings and factories was here recently and said that it would be condemned as soon as the fire marshal saw the condition and we would be required to put in a new outfit. Wouldn't it be better to vote "yes" on the bond issue and get the rest of the improvements at the same time? A very short time ago the state agent for a fire insurance company which formerly carried a part of the insurance on our building was in Perrysburg, and after looking over the heating apparatus made the statement that he was very glad that they were not carrying any of our insurance as the present outfit is a fire trap. The new heating system, which is the steam blast system, which means that fresh air is blown over steam coils,

W. H. McMILLEN

To the Republicans of Wood County: Eight years ago, at the first primary election to nominate county officers, I was a candidate for Probate Judge. After a short campaign, and the expenditure of a small amount of money by me, I received at your hands a vote that greatly pleased me even in defeat. Outside of the city of Bowling Green I had fifty-three more votes than any other candidate. I am again asking you for that nomination.

For twenty-five years I have lived among you and practiced my profession. Since 1892, when I first took part in a Republican county convention, down to the present time, I have been at all times a believer in Republican principles and have supported the nominees of my party, and during that time I have, to the best of my ability, endeavored to play square as a citizen, as a lawyer, and as a Republican.

I feel that my experience in the various courts, and my record as a Republican, entitle me to consideration at your hands in the coming primary election. My record is open for your inspection. If I am found worthy I want your votes. Respectfully,
W. H. McMILLEN.

CHANGE OF ROUTES

Rural Mail Carriers Have More Miles to Travel.

Rural mail routes out of Perrysburg have been changed to cover more territory and the amendments will become effective June 1, 1916.

Route No. 1, William P. Scott, carrier, increased from 21.35 miles to 29.60.

Route 2, Harry H. Spreng, carrier, increased from 22.68 miles to 29.16.

Route 3, Raymond A. Mandell, carrier, increased from 23.75 miles to 28.50.

The carriers are to start from the Perrysburg office at 8 a. m., returning by 4:30 p. m.

Their salaries are raised to \$1,200 per year each.

Route 1 will cover the following route, starting at Perrysburg post-office:

Southeast to Boundary road, thence to Bruce corner; east to McCutcheonville road, thence to Five Points; thence to street car line and south to Fisher road; east 2 and south 1 to Hite corner; east to Johnson corner and northwest to Schroeder corner; east to Haas corner; east .75 and retraced; north 1 and west to Five Points and thence to Schroeder's corners; west to Schutts, north to Five Points corner; east and north to Lawrence corner; west to McCutcheonville, thence to postoffice.

Route 2 is as follows: Town P. O., up river road to McGinnis corner; east to Schaller corner; south to Klag corner; west 1, south .5 and east to Gunder corner; east, south and east to Hood corner; north, west and north to Schwind corner; east, north and west to Webber corner; south, east and north to P. Schaller corner; east and northwest to Cook corner, thence to P. O.

Route 3: From P. O. east to Hufford corner; north 1.5, east 1 and north, northeast and east to Vina school; south to Rheim corner and west to Warner corner; north and west to Buckenberger corner; south to Stone road; southeast to Lime City and south to Whitson corner; west and north to Stone road thence to P. O.

By this arrangement it is probable the route heretofore going out of the Lime City office will be suspended.

SOME OBSERVATIONS

Concerning Nothing Very Serious But Worthy of Thought.

"Wilson completes last German note on sub question," is news heading in Times. This "last note" business is becoming old stuff and the Wilson administration becoming "not(e)able" for its volumes of talk and correspondence.

The Editor deems it proper to explain that the Board of Education used the pages of the Journal last week for explaining the plans of the proposed school building instead of publishing the story in pamphlet form as had been intended. This was done because it was thus possible to insure a copy reaching every voter in the district and at much less expense than would have been possible by any other means employed.

A Toledo clergyman refused to be fired from his pulpit and parsonage. He was finally pried loose. Strange how some people regard themselves as indispensable.

A new Republic is said to be forming in China. It will not be surprising if there are more Republics in Europe after the war.

Some more rumors that Villa is dead. However, it will be unsafe to believe the reports until Villa makes personal report of the fact.

Maumee's water works plant is now ready for operation. What's the use? The town was already wet enough.

Next Sunday will be Easter. It will be a good day for everybody to go to church.

A man may be a "bloomin' idiot" in many ways, but he is not wholly simple if he has had sense enough not to act as judge at a baby show.

Is the fact that a "blind tiger" is blind, the reason so many men are not afraid of it?

In handling the voluminous correspondence relative to the School Bond issue, the Journal has endeavored to be perfectly fair with both sides—giving no advantage in position to either side. If any interested persons are unkind enough to be dissatisfied with our efforts to be fair, we are willing to excuse them on the grounds that they know not the difficulties of publishing a newspaper.
